ENVIRONMENTAL POLICY

SignPost Solutions Ltd is a manufacturer of highways/street furniture. SignPost Solutions Ltd uses the latest technology in its machining. The company site consists of 2 main manufacturing and storage areas and adjoining offices, covering 80,000 square feet of land. The majority of materials used in the manufacture of the company's products are UK sourced.

We recognize that all human activities have an impact on the environment, and it is our policy to reduce the impact of these activities, to reduce our dependency on non-renewable resources, and employ environmental considerations in business decisions.

The company is fully committed to the continual improvement of its environmental performance, to protect the environment and prevent pollution, through its Environmental Management System.

SignPost Solutions Ltd shall:

- Achieve and maintain certification to BS EN ISO 14001: 2015.
- Comply with all compliance obligations relevant to the business.
- Set and review objectives and targets via the management review
- Train and involve its employees and contractors in environmental requirements.
- Seek to minimize wasted energy, and raw materials.
- Use recyclable packaging where practicable.
- Document, implement, maintain and communicate best practice to all employees
- Publish details of the company's environmental performance which will be made available to any interested party upon request.
